LIFE SCIENCES — SPAIN

Faus & Moliner

Life Sciences Department – Spain

Chambers Commentary (based on the Chambers research)

What the team is known for: Prestigious Barcelona-based boutique with a stand-out reputation in regulatory issues relating to the life sciences market. Regularly retained by key players from the pharmaceutical, medical devices and biotech industries to advise on a range of matters, spanning draft regulations, product liability and compliance projects. Recommended for its prowess in issues relating to promotional material. Also well placed to advise on potential administrative and legislative disputes and transactional work, and is regularly consulted by the Spanish Ministry of Health for pharmaceutical policy advice.

Strengths: The firm is widely regarded as "the leader in regulatory matters."

Clients also enthuse: "It is a fantastic team that does some great litigation."

Notable practitioners

"Top lawyer and great regulatory expert" [Jordi Faus](#) impresses sources with his extensive regulatory practice. His skill set spans market authorisations and product withdrawals, cross-border supply agreements and pricing and reimbursement issues. He also regularly assists with M&A activity within the sector.

[Juan Suárez](#) advises on market authorisation, pricing and reimbursement and advertising issues, relating to medicines, medical devices or special food products. Sources highlight his *"good regulatory knowledge and experience."*

Clients praise [Xavier Moliner](#) for being *"very clued up on the ins and outs of the law."* He regularly assists clients with public procurement issues, including appeals against awards and tender processes.
